Martine opens. Has experienced a good start, feels very welcome.

This year there are some challenges to address, including finance.

Introduction round. Students and parent present themselves. No issues or questions at the moment. Parents were happy with parent evening, also with start meetings.

MR would like to receive documents in timely fashion, and also appreciates when in policy documents that are up for periodic review the changes are highlighted.

Principal wants to focus this year on improving quality of education and learning. Wants to engage with MR in this.

Discussion with Onderwijsinspectie is ongoing, partly the understanding of what DENISE is and does can improve, partly school needs to improve some issues. In general there is confidence that DENISE doesn't need to drastically change at the core.

17:12 meetings ends.
